A WONDERFUL
JOURNEY with
FAMILY & friends.

Sage Hill Vineyard is located about three miles northwest of Parks, Nebraska on a hillside overlooking Rock Creek. This setting has become a wonderful escape into the age old art of viticulture and winemaking. Come discover with us!

This adventure is/was the brainchild (er, some would say stupid idea) of owner Hal Walker, forced upon and sometimes bought into by wife, Carol, and daughters, Morgan and Taylor. We hope you'll come discover our wonderful French hybrid varietal vines and wines!

WHITE wines.

LaCrosse | Our most productive varietal. LaCrosse is an Elmer Swenson hybrid that produces a wonderful rich unique flavor ranging from cider-like to a buttery well oaked Chardonay.

\$10.00

Seyval | Seyval Blanc produces wonderful fruity white wines that are excellent with light meals of fish, pasta, salads or poultry.

\$12.00

Traminette | This Gewurztraminer hybrid will soon become your favorite white wine. With a delicate floral nose and very understated tropical seduction, Traminette is a treat for all your senses.

Spring 2010

RED wines.

Leon Millot | No, it's not Merlot, but we think you'll like it better. This smooth berry flavored wine will finish any occasion. One of our favorites!

\$14.00

Marechal Foch | Marechel (not one of our vines), is our first red wine and a sister of Leon Millot. Foch is a distinctively well rounded red wine that goes great with beef, seafood, or sandwiches.

\$10.00

Chambourcin | Here comes our big dog! This is the BIG RED you've been looking for. This full bodied, mouth puckerin' red will quickly make you forget your favorite Cab.
